BILAR M.M. ENLIGT CENTRALA BILREGISTRET VID UTGÅNGEN AV FJÄRDE KVARTALET 1964<sup>1)</sup>

Registered vehicles at the end of the 4th quarter 1964

I Statistiska meddelanden B 1963:7 redogjordes för fordonss statistikens publiceringsformer. I enlighet härmed redovisas nu uppgifterna för fjärde kvartalet 1964, som i förhållande till de övriga kvartalens tabeller är betydligt mera omfattande.

Liksom tidigare bygger uppgifterna på rapporter över förändringar i länsstyrelsernas bilregister som insänds till centrala bilregistret. Eftersom en viss eftersläpning föreligger i länsregistrens rapportering, ger uppgifterna enligt centrala bilregistret ej exakta uppgifter om förhållandena vid de tidpunkter, som anges i statistiken. Det bör särskilt framhållas, att en ökning i antalet registreringar under en tid kan leda till en större eftersläpning vid länsregistren och omvänt att en minskad faktisk registrering kan leda till att en del av eftersläpningen inhämtas.

Statistiken omfattar personbilar, bussar, lastbilar, motorcyklar, släpvagnar och traktorer men ej moped. De olika fordonsslagen redovisas huvudsakligen efter län och vissa begrepp såsom drivmedelsslag, årsmodell och lastkapacitet.

Bilbeståndet uppgick vid årsskiftet 1964/65 till 1 809 600, varav 1 665 800 personbilar, 10 100 bussar (inkl. skolbussar) och 133 700 lastbilar. De tre vanligaste fabrikaten på personbilssidan var Volvo, Volkswagen och Opel med resp. 24,7 %, 19,3 % och 14,3 % av personbilsbeståndet.

Summary

In the present report the stock of registered vehicles at the end of 1964 is given. As compared with data from the other quarters the present tables are more detailed. At the end of the 4th quarter 1964 the stock amounted to 1 665 800 passenger cars, 10 100 buses and 133 700 lorries. Volvo, Volkswagen and Opel were the most frequent makes.

<sup>1)</sup> Definitiva resultat.
